Heart Trouble

Frank Elliot Tower, who lives in his room at the Devonston, came the new Monday morning. It is known to the Norway Tower has lived four years in a similar room of the R. Sprague Tower. He governed his department last week Thursday morning about Norway that he had heart trouble. The next known of his death. This is the account he left our village. The name of the man and the name of the man who had a doctor, and one physician was again at 5 o'clock in the morning. The man was resting easily, and the doctor had ordered, and the man had not getting the man the bell of the room and not getting the man the bell of the room. The man was called and the man named heart trouble death.

It was evident that he died quietly in his room and the man in the room and the man when they were the man. There was no other cause of death as he was subject to the troubles for which he was being sent to the man.

While talking with the man told him Tower and he came Monday morning, Lewiston, who knew in the shoe shop in of the remains of Elks, of which the clerk, having been in ship about two years and a delegate will attend the funeral.

Mr. Tower was Mass., April 19, 1881, and Eliza A. Tower, who was a school and followed the shoe business, married Dora E. Tower) Anderson of Portland, a teacher at the Chestnut Portland.

Mr. Tower was a and has been a member of the Alpha M. ton. Since coming to sung at the University very many years the four years in the work. Each year he works for these concerts.

Federation of Women's Clubs.

The Norway Federation of Women's clubs held its annual fall meeting in the vestry of the Baptist church, Wednesday, Oct. 28th.

Mrs. Christine Stephens presided for Mrs. E. S. Johnston. After the secretary's report of the last meeting was read and accepted, Mrs. Stephens introduced Mrs. T. H. White of Lewiston, the President of the State Federation of Women's clubs, and this delightful woman held the closest attention of her audience as she spoke for an hour on the club work in our State.

This club work is wholly educational and is carried on mainly through the standing committees under the direction of the president.

The Maine Federation is following on, as far as its finances will allow, in the line of the General Federation of our country. It maintains eight committees. The Reciprocity Bureau is one of the most important departments because it collects the valuable club essays on all the subjects taken up.

The Industrial committee aims to have cooking, sewing and manual training included in the teaching of the young, incidentally teaching morals and ethics along with these. It also aims to establish public playgrounds, for since the children are taught "fair play" by the teacher, who has charge of the grounds.

The committee on Libraries sent out 155 traveling libraries last year.

The Forestry committee has impressed upon the people the financial and aesthetic importance of preserving our forests, and teaches methods of forest-preservaton.

Arts and Handicraft aims to educate the women in rug-making, spinning, weaving, knitting, netting, lace-making, etc.

Literature and Art educates in these branches, and the Art department of the General Federation has a successfully operated system of traveling art libraries.

The Registration Committee has done good work for the child labor laws, raising the age limit from twelve to fourteen years.

The Civics department has appointed a health committee to investigate the prevention and cure of venereal disease. This committee has done much to educate the people to the fact that tuberculosis is not hereditary but communicable, and tries to spread the gospel of fresh air and cleanliness. It also urges that dealers in food products be urged to keep their floors in glass cases away from flies, dust and tobacco smoke.

The aim of the federation is to make better homes, better schools, better surroundings, better citizenship, better laws, to preserve our forests and scenery, to gain peace in the home, to educate the people and to train the children's hearts and heads as well as their hands.

At the close of Mrs. White's address, Lona Noble sang a beautiful song of "Home and Mother."

The application for admission to membership in the New Idea society was read and accepted.

The federation constitution was read by the secretary and remarks on certain sections made by Mrs. Stephens. The annual reports of secretary, treasurer and committee on finance were accepted, and several suggestions on the work were made by different members of the federation.

Officers for the ensuing year were then elected as follows:

Treas.—Mrs. Maggie Libby.
Secretary—Mrs. Arthur Stearns.
Treas.—Mrs. Annie Foy.
Auditor—Mrs. John Jones.

Mrs. Stephens took the chair and appointed the following committees:

House Com.—Mrs. Lena Andrews, Mrs. Florence Kimball, Mrs. Maude March, Mrs. Virgie Mumford, Mrs. C. E. Freeman, Mrs. Fannie Horne, Mrs. Sara Howe, Mrs. Winifred Pettie, Mrs. Louise Peterson, Mrs. Nellie Curtis, Mrs. Alice Danforth, Mrs. Annie Barnes, Mrs. Emma Culmington, Mrs. Mary Johnson.

Lookouts—Mrs. Addie Danforth, Mrs. Gertrude Barker, Mrs. Nora Bradbury, Mrs. Frances Farwell, Mrs. Mrs. Allen.

Resolution—Mrs. O. N. Bradbury, Mrs. Edith Bartlett, Mrs. Christine Stevens.

Teachers Forget Sometimes.

The teachers are attending the convention at Portland this week, and some of the teachers, it seems, get as excited about "going away" as the children do sometimes. Thursday morning some of the teachers boarded the electric and were quite settled she suddenly remembered that she had no money. A more hasty exit was never seen from one of our cars and had it not rained the night before there would have been a cloud of dust rising from the car to the house, while the forgotten her forgotten pocket book, and started on her way rejoicing.

OVERTAXED

Hundreds of Norway Readers Know What It Means.

The kidneys are overtaxed; Have you much to do. They tell about it in many aches and pains—Backache, sideache, headache, Early symptoms of kidney ills. Urinary troubles, diabetes, Bright's disease follow.

A Norway citizen tells here a certain cure.

Mrs. G. N. Pratt living on Danforth street, Norway, Me., says: "I suffered severely for a long time. The doctors told me my kidneys were disordered and I took their medicines but the results were unsatisfactory. I suffered from a feeling of exhaustion and weakness, my back at times became very painful and the action of the kidney secretions was irregular. A few months ago I went to Stone's drug store, and procured a box of Doan's Kidney Pills. I am so well pleased with the results received that I do not hesitate to recommend this remedy to others."

The Pine Tree State.

The following poem was written and printed in the paper this morning, the tourist, published at South Paris, Me., by Herbert E. Foss, D. D., Rev. Mr. Foss at one time preached at South Paris.

Maine's hill-tops first enthrall Beneath the morning sun Up from the Eastern Ocean Its daily course to run And as he journeys westward Over mountain, lake and plain, No fairer region greets him Than the good old State of Maine.

Her mountains grand and rugged, Her deep-seas and granite-capes, Stand forth as guardians mighty Fine-dad and cloud-enveloped. Her forests vast and trackless, Home of majestic trees, Send forth their deep-toned anthems Played by the passing breeze.

Her rivers, wild, tumultuous, Or placid, broad and free, Turn countless wheels and spindles While flowing to the sea. Her sparkling inland waters, Her bays beyond compare, Invite the world to anchor, To breathe her cooling air.

Her farms are broad and fertile, Her herds are rich and true, While honest toil unceasing Doth reward the honest crew. Beneath her smiling sky, Great wealth of fishes play; The hardy men who take them Have won the Nation's stay.

In fair days or in foul ones Their valor has been tested, Brave men and true have been, Have these brave men been tested. Her people, law abiding, Her people, peace and quiet Reign over plain and glen. Her great names blaze in glory As the Nation's story.

Few states in all the Union Have written such a high, No star that decks our banner's Expanding field of blue Shines forth with brighter lustre Or is more staunch and true. Oh, land of homey virtues, Rock-ribbed but broad and free, Wherever we may wander, Our hearts still cling to thee!

NORWAY CENTER. Last week, Wednesday, was our first circle.

Mrs. Wyman is with her daughter in Otisfield.

C. W. Hobbs and wife from Worcester called on friends here on their way to Andover, the home of her girlhood, in their auto.

Apples are few this year but O. W. H. Jenkins has packed E. A. Cox's at North Norway and is now packing for W. C. Hobbs.

Mrs. Walker, an elderly lady, walked up to church last Sabbath. She said she took her time and walked slow. She was anxious to be there as it was the last preaching service for the season.

Mr. Rodgers' little son had the misfortune to cut his hand so badly with glass that he has broken that the doctor came and took several stitches to close the wound besides tying up an artery. The little fellow is very patient and the doctor says the wound is doing finely.

\$100 Reward, \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Doctors say take Cod Liver Oil—they undoubtedly mean Scott's Emulsion.

It would be just as sensible for them to prescribe Quinine in its crude form as to prescribe Cod Liver Oil in its natural state. In

the oil is emulsified and made easy to take—easy to digest and easy to be absorbed in to the body—and is the most natural and useful fatty food to feed and nourish the wasted body that is known in medicine today.

Nothing can be found to take its place. If you are run-down you should take it.

Send this advertisement, together with name of paper in which it appears, your address and four cents to cover postage, and we will send you a "Complete Handy Atlas of the World."

THE Farmers' Conveniences

Are not alone confined to the Rural Free Delivery of mail and the Telephone. There is another convenience which all farmers should have—and many do have—a checking account with a good bank. The possessor of such an account avoids the risk of having his money on his person or about his home where it is in danger of fire and thieves.

His bills paid by check are not only a valid receipt but also a convenience in his home transactions where very often the necessary change for concluding a settlement is not at hand.

Why not start an account now with this bank by depositing your apple and corn checks? 43-44

Tree Surgery.
The frequenters of Poland Springs have all doubtless admired the grove of big oaks near the hotel, some of which were full grown trees, some of which were saplings. Many of these trees, as is the case with all old trees, are badly rotted at the heart, so that it weakened the trunk and in some instances threatened the life of the tree. Of course the Rickers hated to see these trees go, for they are a great charm about the place, and so they after ample inquiry secured the services of a Boston tree expert to preserve these trees if possible.

His course of procedure was to cut out all of the rot from the center of the trees, cutting it all down to the living tissues and antisepticizing this surface with a liberal coat of coal tar. Then the cavities are filled with a mixture of cement and fine sand, made moist but not wet. Care was taken to make all the junctions of the cement and wood air and water tight. The cement, where it comes to the outside of the tree and forms a patch, has been smoothed over very neatly, following the general curvature of the tree, and it is expected that the outer or cambium layer of fiber, which is the inside layer of the bark, will in time grow over the cement, making the outside of the tree a solid piece of tissue.

The principle of the operation is this, that the vital part of a tree is exactly opposite to the vital part of an animal, the first being on the outside and the second on the inside. All growth of a tree is on the outside and the heart may be destroyed and yet the outside continue to grow. If the outside is injured new cambium tissue will cover the wound. If the inside be diseased, this part can be removed, the cavity filled and new tissue cover it all.

Ready When the Chance Comes.
The story is told of a young man whose success in life was due to the fact that on one occasion when it became necessary for some one who was posted in the business with which he was connected to make an important journey, his grip was packed and ready. It had been packed for months in anticipation of just such an emergency, so that he needed only two minutes for his preparations.

The case is not an unusual one, the only difference being in the application. It is the ready who rise. Opportunity never comes to the unprepared, for to them it is not opportunity. It does not matter what capabilities are dormant in your nature. Talents wrapped in a napkin are of little advantage to anyone. You must be ready when the chance comes.

A Liberal Offer.
The B. M. Hyde Drug Co. Guarantee to Cure Dyspepsia. If They Fail, the Medicine Costs Nothing.

To unquestionably prove to the people of Norway that indigestion and dyspepsia is curable and that Rexall Dyspepsia Tablets will effect the cure, we will furnish the medicine absolutely free if it fails to give complete satisfaction to anyone giving it a trial.

The remarkable success of Rexall Dyspepsia Tablets is largely due to the new and successful method of manufacture, whereby the well-known properties of Bismuth, Subnitrate and Pepsin have been combined with carminatives and their agents.

Bismuth, Subnitrate and Pepsin are recognized by the entire medical profession as specifics for acute indigestion and dyspepsia.

The Pepsin used in Rexall Dyspepsia Tablets is manufactured by a new process which develops its greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid, and exerts a tonic influence upon all the glands which supply all the other elements necessary to proper assimilation and digestion.

The carminatives and properties which promptly relieve the disturbance and pain caused by undigested food.

The perfect combination of these ingredients make a remedy absolutely incomparable and invaluable for the complete cure of indigestion and dyspepsia.

We are so positively certain of this that we sell Rexall Dyspepsia Tablets on our own personal guarantee that they will either cure you or cost you nothing. F. F. Stone, Norway, Me.

Spread the Manure This Fall.

Manure is never so valuable as when fresh. It loses something every day that it lies in a pile. The best way to handle it is to spread it daily as made on land occupied by grass or other growing crops. This can be practiced to a much greater extent than is usually done.

Next to grass, corn responds most readily to manure. The fact that corn is usually planted on sod land makes it easy to apply the manure. As soon as the hay is off begin to spread the manure and keep it coming every day or week.

A moderate application of 10 tons per acre will ordinarily pay the best. It needs to be distributed evenly, and every part of the ground covered with the fine, broken particles. This can be best done with a manure spreader.

Manure loses nothing in value by being spread on grass land so long in advance of plowing and planting. Fact is, experiments show better results from spreading after haying than to defer it until late fall or just before plowing. The reason for this is that the manure induces a good growth of grass, which when plowed under will improve both the fertility and physical condition of the soil.

From Across the Continent.
A Maine man writes some news from Bakerfield, Cal.: J. H. and G. J. Nason are building a two story house. The grape season is about over. The last hay crop is ready for the scythe. The raisin crop is light this year. One man has just out his fifth crop of hay. We get from 6 to 8 tons per acre worth \$10 to \$11 a ton.

The sweet potato crop is fine this year. watermelons one dollar a load which a pair of horses can haul on the level, egg 35c a dozen, potatoes 80 a pound; butter 40c a pound; bees' honey, 70c a gallon; strawberries 25c for 3 quarts; wood \$6 a cord.

The Household.
Chili Sauce.—Three teaspoonfuls of vinegar, two large onions chopped fine and two teaspoonfuls of salt, two teaspoonfuls of sugar, one teaspoonful of cinnamon; simmer on back part of stove two hours. Very nice.

Sweet Cucumber Pickles.—Six pounds ripe cucumbers sliced, one pound brown sugar, two tablespoonfuls each of allspice, cloves, black pepper and cassia. Cover with vinegar and boil until tender.

AUNT MARTHA.

Town Farm Timber Muddle.
There is a question raised by Charles Rowe, who owns land adjoining the town farm timber lot, that he owns a portion of the lot. This contention has been brewing for some months and the recent action of the town in voting to sell the timber hastened matters as to the ownership of the land.

Wednesday, J. H. Stuart and Walter L. Gray, surveyors, were engaged in running out the line between the parties. We are unable to state the result but Mr. Rowe feels that his title to a portion of the lot is all right.

Some of the people say the action taken at Saturday's town meeting was hasty as the town already had carried the matter over by vote to the annual March meeting.

COUGHS OF CHILDREN

Especially night coughs. Nature needs a little help to quiet the irritation, control the inflammation, check the progress of the disease. Our advice is—

—give the children Ayer's Cherry Pectoral. Ask your doctor if this is his advice also. He knows best. Do as he says.

We publish our formulas. We publish our recipes. We urge you to consult your doctor.

Ayer's

If you think constipation is of trifling consequence, just ask your doctor. He will disabuse you of that notion in short order. "Correct it, at once!" he will say. Then ask him about Ayer's Pills. A mild liver pill, all vegetable.

Horace E. Hussey, who works in the village, was up home the 25th.

Standing Abbott and Roy Herrick are deer hunting in Upton.

Judkins & Foster are packing George Grover's apples.

Guy Walker and family have moved to the village.

Man Lost in Woods.
The selection of Woodstock were notified, Tuesday, that Albert Thorne, formerly of South Paris, was lost in the woods near the Paris line in Woodstock. Thorne was working for Bert Fuller and about one o'clock Monday he was sent to the pasture for the oxen. After waiting some time it was found the oxen had broken out of the pasture and were at Fred Dunham's at Paris. Fuller searched for him all night but no trace of him could be found other than his tracks on entering the pasture. A searching party was organized.

WILSON'S MILLS.

Fell from Chair and Expired.
Joseph S. Wilson died at his home in Magalloway Plantation from the third stroke of paralysis, the 22d of October, falling from his chair and instantly expiring.

His age was 47 years. The funeral services were held at the Congregational church conducted by Rev. Mr. Hagar, and the remains were taken to Wilson's Mills for burial. He leaves a wife, Mrs. Mary Wilson, and four children, Mrs. Arch Bennett of Errol, N. H., Mrs. Calvin Fox of Wilson's Mills and two sons, Carver and Aston Wilton, and two brothers to mourn his loss.

S. S. Bennett is up on a visit, the guest of his daughter, Bertha Wilson.

T. J. Bennett has been stopping several weeks with his nephew, C. I. Wilson, and seems to improve very slowly.

Mr. and Mrs. W. H. Hart with Mr. and Mrs. George Nason and little son, Roger, have gone on an automobile trip to Portland and vicinity, during Mr. Hart's vacation as he is our local game warden.

S. W. Bennett brought in a fine deer with eight points recently. Their flesh is of an unusually fine quality for this season as they are very fat. He also reports the finding of buttercup, dandelion and strawberry blossoms in abundance in places that are sheltered from frost.

The reporter of the shooting affair here was somewhat mixed on the geographical points, as Mr. Cunningham was four or five miles and a quarter from the settlement up the Abbott brook road, being 20 miles from Parma-cheene and 45 from Canada, though we will own it is in Northern Maine.

GRAFTON.
Shot Several Deer.
There have been several sportsmen boarding in town, recently. Among these are Mr. Wardwell, Mr. Sawtelle of Augusta, Mr. Durgin, Kennebunk, also Messrs. Day, Bates, Humphrey and Meserve. They were guests at O. W. Brooks and guided by Geo. Muse, and killed one deer.

Fred Tibbets of Auburn, who has been here several weeks, killed one deer and 18 partridges.

At J. V. Chapman's there have been several among whom were R. B. Lowe, Isaac Skilings from Bethel Hill. They were in the woods two days and got one deer each.

Leon E. Brown, H. McLeellan, Hugh Murray and Byron Lowe from Woodfords were out three days and killed five deer, making seven in all killed by the gentlemen from Woodfords. Arthur Farrar, guide.

Mr. and Mrs. C. T. Parker were in Upton, Sunday, also Mr. and Mrs. A. F. Brooks.

Mr. and Mrs. Parker have gone to Millsfield, N. H., scaling timber for the Hancock, Twitchell Co.

Emery & Rose have the wire put up for a telephone line from their camp on Saddleback to connect with the Androscoggin Lakes T. & T. Co.'s line at A. F. Brooks' house here.

A forest fire was discovered on the B. M. Co.'s land on Red Ridge in the afternoon. It was at once called to go and work to extinguish it. About 25 have been there most of the time and have done all they could. They have kept it from spreading, but it is deep in the ground and it seems nearly impossible to get it out. Much anxiety is felt by the people in this town, Upton and Cambridge lest it gets beyond control and reaches the settlements.

Seth Ames and wife of Oxford are visiting his sister, Mrs. M. N. Fife.

Frank Meserve was in the place this week and bought quite a drove of cattle.

GREENWOOD.

People Should Protect Themselves.

Hunters should carry steam whistles and cow bells if they wish to escape the man who thought it was a deer and released a bullet through some part of their anatomy. Allan Cole traveling along an old road a few days ago had a rifle pointed at him, the man behind the gun just at the point of firing when he discovered his error. If our legislature would pass a bill this winter making a case of mistaken firing for a deer killing affair a State's prison crime for life penalty there would be fewer of these accidents, nor would the law be too severe as there is no earthly excuse for any man making such a blunder.

Blanche Rowe of New Gloucester is visiting her sister, Mrs. George Hayes.

Sylvester Cole is going to build an addition on his store for a rent this fall.

Dr. A. J. Hayes, our popular veterinary surgeon, is very busy these days and treating sick horses and cattle this fall.

Bertha Cummings came from West Bethel, Saturday, to remain over Sunday with her parents, Mr. and Mrs. Charles Swan.

There will be a phantom ball at Cole's hall Friday evening, Oct. 30. The hall will be decorated with Japanese lanterns and Japanese lanterns. Dancers are expected to mask and dress in sheet and pillow cases to lend the proper ghostly effect.

Mr. and Mrs. Floyd Morgan will have their wedding reception at the house of Mr. Morgan's parents, Saturday, Oct. 31, in the Irish neighborhood Friday. She has taught seven or eight years in town with marked success.

Our calendar is sadly out of order or nature is playing queer tricks this fall. Children at the City school brought in pussy willows, faint blossomed a few days ago. We found pine needles in the Irish neighborhood Friday. She has taught seven or eight years in town with marked success.

Amateur photographers multiply in our town at quite a rate. Lyman Herick is a recent addition to the number and he has put in so much time and work that he is a successful workman. Some family groups, buildings, etc., are excellent while a horse's nest on a bush is a fine photograph, one of the best of its kind we have ever seen.

Three hundred and thirty-eight bushels of potatoes from an acre of ground, that is exactly the yield W. O. Emmons and Allen Cole got this year. It may be nothing extra compared with Aroostook figures but we opine it is something to boast of in Oxford county. One of the potatoes raised on this piece of ground weighed two and one-half pounds.

Lena Sewall taught a successful term of school in the City district that closed Friday. A peasant hunt was indulged in by the pupils the last day, Loring Roberts winning the prize by successfully locating thirty-three of the hidden vegetables. Pupils not absent, Eva D. Hayes, Roland S. Hayes, Luvie G. Cole, Hazel I. Cole, Raymond R. Farr and Simon A. Farr.

School on Patch Mt. taught by Annie Richardson closed Friday. Thursday evening an entertainment was held at the school-house and refreshments sold. The proceeds over six dollars are to be used in buying a dictionary rack and other essentials for the school. The following program was rendered:

Mrs. Nellie B. Dudley and Mrs. Sadie Knights of Dudley Cottage visited last week with Mrs. Emily J. Felt.

Edwin H. Cole has the addition to his house nearly completed. He is having a well dug, the water to be brought to the house.

A Junior Endeavor Society was organized at the home of Lottie H. Bryant, superintendent of the society, with fourteen members.

Mr. and Mrs. Coolidge of Livermore Falls visited at Ned L. Swan's, Mr. and Mrs. John Howe are visiting her father, Charles B. Brooks, in Norridgewock.

Ben Billings, Edwin Mann, Leon Marcou and Frank Nason were gone heading to East Bethel Hill for 10 days and came home with four deer, each man getting one.

HARRISON.

Sold the Old Tavern Stand.
Frank Bennett has sold the "Old Tavern Stand" to Frank Kneeland. There are five families in the house at present.

Allie Kneeland has moved into his house in this village.

Mrs. Lella F. Wheeler is suffering at present writing with rheumatism.

Mrs. Lilla Cole is having several rooms papered and painted in her house.

Arthur Maroque has bought the Olive Whitney place on the Bear River road.

Mrs. Edith Whitney is canvassing at present for the California Perfume Co.

Mrs. C. A. Lang has so far improved as to take a short walk out of doors daily.

Wilber D. Moulton and family from Sweden were at George Flint's last Sunday in their automobile.

Mr. and Mrs. Will Thurlay are at home from Poland Springs, where they have worked the past season.

The Wyomonic club will meet next Wednesday afternoon at Mrs. V. L. Jordan's by special invitation.

Rev. Stephen Livingstone of the Congregational church in Bridgton preached here.

Rev. Sidney Wakeley and wife will leave town, Tuesday of this week. Mr. Wakeley will preach in Clinton for the coming year.

HEBRON.

Maudy Bessey is still on the sick list.
The little daughter Josephine has typhoid fever.
Mrs. Kate Sanger of Peabody, Mass., who has been visiting Carrie Trip, has returned home.
The Harvest Home supper was held at the Baptist church on Friday evening.

Supper was served from 5.30 to 9.30. The exercises of the evening consisted of a mock graduation that was successfully carried out. The receipts of the evening from the supper, fancy table and the evening's entertainment amounted to nearly \$120, free of expense.
NEWRY.
Will Walker, wife and little daughter were at F. S. Douglass', Sunday.
Bert Brown and Mr. Sampson from Hartford were in town a few days, hunting.
Chas. Douglass and family from North Newry called at his brother's last Sunday.

HIRAM.

The Roof All on Fire.
James Ridlon came near losing his house by fire, Tuesday. While seated at the dinner table, a crackling noise and looking out through the window he saw smoke coming down from the top of the house. He went out to investigate and found the roof on fire. He summoned help and was fortunate enough in putting it out.
There will be a fair held at the Grange Hall, Nov. 19. Everybody come.
Henry Merrill and wife, Hannah Bucknell, postmistress, and another lady went through this place, Sunday, with a team.
While George Merrill was out gunning this week he shot himself through the hand. Blood poison set in and he has had a serious time of it.
Helen Grace Marston went to Brownfield, Saturday, to bid her grandfather and grandmother goodbye as they will start for California, Monday, the 26th.
There certainly will be a water famine about here if there doesn't come some rain soon. A great many have to haul water and some a long way. The river they say is 23 feet below high water mark.
Mrs. Eugene Wadsworth died, Tuesday, at 1 p. m., after a few months' illness with consumption. She was about 63 years old. Funeral was Friday afternoon, at the house, Rev. H. H. Hoyt officiating.
Tramps are numerous. Dr. Wilson met one as he was riding through a piece of woods. He said the tramp was seated on one side of the road with his feet in the wheel rut and was a bad looking specimen.
There is no business going on in this place worth mentioning. Everyone is waiting to know who the next president is to be. It is a shame people will get such a foolish idea into their head. They say if Bryan is elected that is the end of business. That is all both.

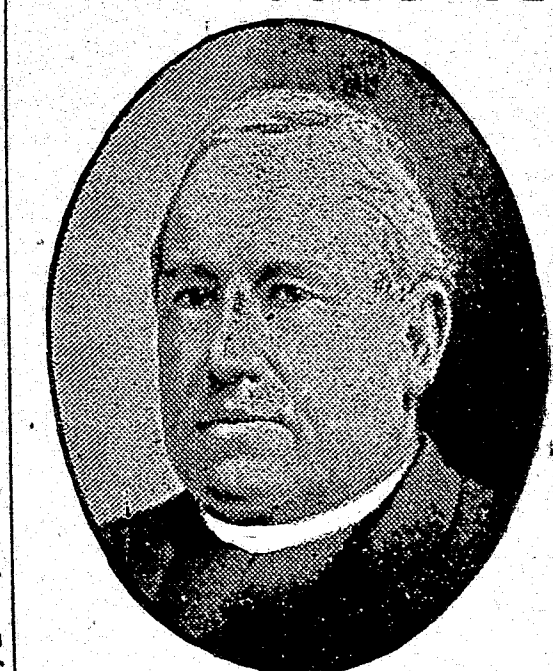

PARIS HILL.

Mothers' Mending Bee.
The mothers' mending bee at the Beeches last Monday proved a very pleasant occasion. The ladies present expressed a strong desire for another meeting and it was voted to meet at the vestry of the Baptist church next Thursday afternoon, Oct. 29, at 2 o'clock. All ladies of the village and vicinity are invited to come to the next meeting and bring their mending. There will be singing and reading of a good story.
James Pledge pays 6 1/2 live weight, 80 dressed for good fat pigs.
A very good time was had at the sing at the Beeches, Sunday afternoon.
At West Paris, Oct. 22d, Roscoe F. Marston and Edith E. Strout of Paris Hill were united in marriage by Rev. Seth Benson, single ring service. They were accompanied by their parents, Mr. and Mrs. Elias Strout, at present.
At the Baptist parsonage, Saturday evening, Oct. 17th, Bert Cole and Faustena Eloise Hammond were united in marriage by Rev. G. W. F. Hill, single ring service. They will board with her parents, Mr. and Mrs. H. P. Hammond, this winter.
Hon. Prentiss Cummings left, last week, and the Owl's Nest is closed for the season.

HALF A CENTURY OF SUCCESS

When the Reverend Father John O'Brien of Lowell, Mass., recommended to his parishioners and friends the prescription that had restored him to health and strength, the people named it Father John's Medicine, and so it became known and was advertised, with his knowledge and approval. The prescription of an eminent specialist, it is pure and wholesome, and free from poisonous narcotics or nerve-deadening drugs in any form—not a patent medicine. Its power to make strength and build up the body explains why it has been so successful for forty years in curing colds and all throat and lung troubles.

NORWAY AND VICINITY.

Mrs. Hattie Small visited friends at East Waterford last Saturday.

Mrs. G. J. Brown visited her brother, Harvey Knapp, in Harrison the past week.

The Papoose fox hunters captured one fox. Six days hunting; weather against them; too dry for dogs to follow the track.

The official weather observers state that the September and October drouth, practically continuous for fifty-one days, is the longest drouth recorded for forty years.

C. H. Cummings & Sons are getting the dead heads out of Lake Penesseewassee. They are getting out big piles of them too. Dead heads are the sunken logs that occasionally bob up on the surface of the lake and trouble pleasure navigation during the summer. These logs make valuable lumber when sawed and are worth the sawing.

Oliver L. Fuller of Bridgton, well known in Norway, is suffering from severe injuries which he received in a peculiar manner. Walking along the sidewalk, his companion stepped on the end of a loose plank which flew up and tripped Mr. Fuller. He was thrown violently and striking the bridge of his nose came near breaking it. His cheek, just below the eye, and his nose, is terribly bruised, and being well along in years, it will be some time before he fully recovers from the accident.

The store windows at I. W. Waites' are attracting a great deal of attention. In the lower window there are all kinds of hunting articles and in the midst of them stands a large Canadian Lynx. This lynx is the one John Lord shot in Albany a short time ago. It is mounted on a base some three feet in length and one and a half feet in width and the animal stands as he would look if he had been climbing a steep hill and had stopped to look one side. His legs are very long and the feet are large with very sharp claws. His head is small compared with the rest of his body and looks some like a cat except that it is larger and presents a more savage appearance. In the other window there are two bears, small black ones. They are mounted and stand upright by a stump. These were shot in Upton by Mr. Godwin.

Exclude Autos Is Court Decision.

Have Right to Regulate Speed and Keep Them Off the Street Altogether Says Supreme Bench.

That city and town authorities have the right to regulate the speed of automobiles and to exclude such vehicles from certain streets was the main force of the decision handed down by the Supreme court in the case of the town of Ashfield, Mass., against Arthur Kingsbury. The case was regarded as a test of the new law and the exceptions brought by the defendant were overruled.

GROWING CHILDREN

Need a Strength Building Tonic.
Daughter of Mrs. Simmons
of Lakewood, N. J., was

RESTORED TO HEALTH BY VINOL

"Our daughter, who is twelve years of age, was in a very run-down condition from fast growing. We were advised to try Vinol to build her up, and after using four bottles she has a good healthy color, is free from nervousness and has gained eight pounds. She is now full of life and ready for out-door exercise, where previously she moped in the house. I can cheerfully recommend Vinol as a first-class tonic reconstitutor and one that will do rapidly growing children a world of good." Mrs. T. Simmons, 250 Main St., Lakewood, N. J.

This is because Vinol is the best cod liver and iron tonic in the world, does not taste of oil, and has no equal to create strength and build up health for delicate children, feeble old people, weak run-down persons, and after sickness, and is a remarkable cure for chronic coughs, colds and bronchitis.

Try Vinol. If it does no good your money will be returned on demand. That's your guarantee, but we know it will benefit any such case. Frank P. Stone, Druggist, Norway, Me.

Supreme Judicial Court.

The following additional divorces have been granted:

Nellie Bricketts of Paris from James A. Brick et al of North Dakota, for desertion.
Gertrude MacAllister of Norway from Castor MacAllister of Otisfield, for cruelty.
Edward C. Bean of Hebron from Minnie B. Bean, statutory cohabitation, custody of minor children given to father.
Berj. P. Wilson of Lovell from Adella C. Wilson, cruelty.
Joseph I. Smith of Paris from Jennie C. Smith, statutory cause.
Roy S. MacAllister of Paris from John F. MacAllister, for gross and confirmed habits of intoxication. She was decreed \$500 in lieu of alimony.

Perole A. Cole of Norway from Edwin A. Cole of Lynn, Mass., desertion, custody of minor child given to mother.

Thomas Tatro of Portland, indicted for a single sale at Bethel, under the name of Thomas Tatro, in which a not pros was entered, was arrested on a complaint and warrant charging the same offense. On trial, being found guilty, he was fined \$50 and costs.

Isadore Dragon, of Rockland, for cruelty to animals, paid a fine of \$5 and costs.

The \$1000 suit for damages for slander recently brought against Lawyer Matthew McCarthy by Deputy Sheriff Harris L. Elliot has been continued until the May term of Supreme Court in Rumford. The jury in the case of George Yelbourn for aiding the prisoners in a jail-break, brought in a verdict of not guilty. This closes the jury trials for the October term of the Oxford S. J. court.

Ben Marquis of Rumford for nuisance was fined \$100 and costs at \$20.48, and in default of payment, 60 days in jail. On a second indictment he was fined \$100 and three months in jail, sentence to take effect at the expiration of the other sentence.

Cornelius Sullivan of Rumford was given 30 days in jail for liquor selling. George Seavey of Bethel on a nuisance indictment was fined \$100 and costs taxed at \$26.49, and in default of payment to 30 days in jail. He was committed for non-payment. Three other cases are hanging over him.

Frank Slegus of Rumford pleaded guilty to an indictment for maintaining a nuisance. He was allowed to go on his own recognizance on promise of future good behavior.

Simeon Laroach of Rumford for nuisance was sentenced to six months in jail.

Ed Martin and Albert Plante of Rumford for attempted jail-break were given one year in the State prison, this sentence to take effect after the expiration of sentences of four years in State prison for burglary.

Henry Dargio, Frank Dougay, Dolfrey Gallant and Aleck Gallant of Rumford, young boys, indicted for breaking, entering and larceny, were allowed to go home on promise of future good behavior but only after the judge had sharply reprimanded them.

There was a hearing, Saturday, in the Brown libel suit, Waterford parties, Judge Wing and R. W. Crockett of Lewiston, attorneys.

The Oxford county S. J. court adjourned, Saturday, to Nov. 4, when the grand jury will be called and a new traverse jury chosen.

This was deemed wise because of the condition of affairs in Rumford. Friday night one of the strike breakers, who was pursued by strikers, the man finally finding refuge in the lock-up. Further trouble is feared. Any rioting will be given the promptest attention of the court.

Peculiar Names in State of Maine.

Some Localities Have Names that are Startling—Oxford County Leads.

"From Purgatory to Paradise Hill by way of Buttermilk Hollow," such a sign-post would guide one to pastures new in Maine byways. Quaint names are those used in smaller, Maine villages along the coast and in the interior and though no guide-boards point the way they are easily discovered by the traveler, as many of these provincial localities still retain the titles bestowed upon them in the early days of their settlements.

Dollar Town and Sodom! What pictures these suggest to an imaginative mind, and when one reaches Hungry Hollow he is sure to seek the hospitality of some friendly farmhouse, for that ravenous feeling caused by the name of the place is full upon him. In the western part of Maine and the neighboring towns of New Hampshire are the small hamlets hidden amid the hills or nestled close by the waters of bay or river.

Oxford county has many such villages, names of which are for the most part, quaintly suggestive of original character of the place. Bear Camp on the Ossipee, Bell Hill in Otisfield are places not far away. Oldest of all is that of Blackguard where one can well imagine desperate deeds have been planned and executed. Not so very long ago Bog Falls was the name given to what is now Mechanic Falls, in the old days a wilderness of swamp and bog. Buttermilk Hollow claims kindred with the town of Eaton, while Dickvale and Dunkertown are well known to those summer people who frequent the locality. Flag Bend and Fiddysville are a sharp contrast to the Garden of Eden which still blooms undisturbed in a part of Oxford county. Down in Gum Corner one can but wonder if the gum chewing maids of the past were so given to the habit that the town fathers of those days were fain to christen the town as a warning. Glorious name for a hunting country is that of Mooseyard, while close by is Mount Hunger, and in a little section of the state are Mud City, Nigger Corner and Nigger Opening.

A happy outlook has Paradise Hill, and other P's of homelier titles are Pinhook and Poolehook. Slab City has a dreary sound and of commonplace history are Spadiger and Shovel Hill. A place much in favor with the Grand Orient in Sucker Harbor, and not unpleasant is the queer Sygotch, a bit of a hamlet in this State. The Chapel and Toad Hill, Trap Corner and Yaggers, these are well known to Oxford county men, while The Gore will never cease to bear a bit of romance to all who know its story. Down in Eden township is the abode of the blest, so say those summer dwellers of Mount Desert, and in the quiet places that guard this borderland of the Maine coast is a cluster of country villages, all of them bearing picturesque names. Proof is inexhaustible that Lydia E. Pinkham's Vegetable Compound carries women safely through the Change of Life.

Read the letter Mrs. E. Hanson, 304 E. Long St., Columbus, Ohio, writes to Mrs. Pinkham:

"I was passing through the Change of Life, and suffered from nervousness, headaches, and other annoying symptoms. My doctor told me that Lydia E. Pinkham's Vegetable Compound was good for me, and since taking it I feel so much better, and I can again do my own work. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound did for me during this trying period."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound has been known from roots and herbs, for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Shall We Work for Prosperity?

If the people in Oxford county will unite to keep all the money at home (within our county) possible by investing their surplus capital in local business interests, instead of sending it to remote sections of the country for investment, and by making all their purchases possible to make of local dealers, with these two steps alone in the right direction we would increase the circulating volume of money in our county 100 per cent in two years.

Now if we will go a step further, and if our farmers will make an effort to produce on their farms everything possible to be produced for which we are now paying the western farmers and railroads enormous sums of money, we will make another great stride in the right direction, and increase our local wealth rapidly.

Now's the time to boom the town—Sing her praises up and down—Best old burg there is on earth Is the burg that gave you birth, Tell your neighbors what it's worth—Get busy!

Other towns are crowding us, Get busy! Make a furor, make a fuss—Get busy!

Never let the grass grow green In the streets, it might be seen! Now it with the boom machine, Get busy!

What's the use to sit and mope? Get busy! Hustle, hustle, make the dope! Get busy!

Are there dreams within the hive? Get busy! Chase 'em out, make 'em alive! Busy bees alone may thrive. Get busy!

Tackle projects that progress—Get busy! Do we want improvements? Yes! Get busy! Do we want to spread and grow Bigger? Surest thing you know! Show the world outside it's so—Get busy!

In exactly 11 minutes from the time Chairman Wright of the district committee called the Republican convention to order on Thursday afternoon, Oct. 22, Hon. John B. A Good Stomach.

Means Good Health, Cheerfulness, Ambition, Persistence and Success.

Mi-o-na will cure your dyspepsia or any other stomach trouble by building up the flabby walls, and making the stomach so strong that it will digest food without pepsin or other artificial aid.

In other words, Mi-o-na cures dyspepsia by removing the cause.

Frank Kimball is the agent for Mi-o-na in Norway and he says to every reader of NORWAY ADVERTISER whose stomach is weak, who has indigestion or dyspepsia, that Mi-o-na is guaranteed to cure or money back.

The price is only 50 cents a large box, and one box is all you need to prove that you are on the right road to health and happiness.

"I can't say enough for Mi-o-na tablets; they have done more for me in one week than all the doctors have for the two years I have been under their care, and I will do all I can to recommend it to my friends. You can also use my name in your ad, if you like, for Mi-o-na is better than gold to me. I am like a new man, and am able to work once more for the first time in over a year."

Wood Pulp and Saw Mill Waste.

To insure a pulp wood supply to meet adequately the future needs of the country seems one of the most important of the many forest problems of the United States. Statistics collected by government experts, however, show that there are possibilities in the field of invention for the relief of the drain on the country's remaining pulp wood forests by devising means of utilizing saw mill waste.

It is estimated that there are 4 1/2 million cords of slabs destroyed in refuse burners of the lumber mills of the country each year. The wood used for pulp last year amounted to approximately 4 million cords, about a quarter of which had to be imported. The mill waste is based on a recent canvass of some of the larger mills of the country by the United States Forest Service, which established an aggregate cut of 5,440 million board feet had a final waste of 1,870,000 cords of slabs after the best had been used for lath. Assuming these mills to be representative, it is seen that there is still considerable waste in forest products at the mill even after the earnest efforts of lumbermen during the last ten years to bring about a closer utilization of the whole tree.

These figures make it look as if American inventors, who are performing wonderful feats in other fields, should get down to the consideration of methods to make these waste slabs available for the pulp makers. Work along this line would also be likely to show the way for utilization of thousands of tons of sawdust are now wasted each year.

It is true that some utilization is being made of mill waste at present, but in most cases it is only the larger and more modern plants that are even making any attempt in this line. Then, as it is, the plants which use the waste slabs, after laths are made, often waste the sawdust, and those which use the sawdust waste the slabs. The slabs residue from the lumber cut to about 14 million cords, of which about six million, with an average value of \$1.40 a cord, is sold for fuel, three and one-half million burned by the mills for fuel, and four and one-half million sent to the refuse burners. This last figure shows the enormous quantity of forest product that is pure waste.

The iron furnace slag heaps have been seized upon by the brick maker, and the screening dump of the coal mines has become a valuable source of raw material for the briquette manufacturer. Experts say that it may prove possible to make just as good use of the waste heaps of the lumber mills if slabs and sawdust can be converted into pulp.

ALBANY.

Thousands Have Kidney

Trouble and Never Suspect it.

Prevalency of Kidney Disease.

Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physicians, who content themselves with doctoring the effects, while the original disease undermines the system.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When you write mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

TO CURE NEURALGIA.

Necessary to Treat Nerves Both Internally and Externally.

Neuralgia is a disease of the nerves, and to give immediate relief to the pain and effect a complete cure, it is necessary to use both internal and external treatments. This explains the remarkable success of Neuralgic Anodyne in curing neuralgia, no matter how acute or long standing.

It gets right at the nerve centers. A small dose is taken internally, thus soothing and quieting the whole nervous system. At the same time, a little is rubbed on the affected part and goes through the pores of the skin to the aching tissues, giving relief to the distressing pains.

A 25c bottle of Neuralgic Anodyne will do a world of good, as it cures neuralgia, headache, toothache, and in fact all aches and pains where the nerves, muscles and tissues are affected and aching.

Large bottle for 35c. Money returned if it does not cure. The Twitchell-Champlin Co., Portland, Me.

Supreme Judicial Court.

The divorce case of McArdle vs. McArdle, which was contested, was heard in the court room Friday afternoon. The parties have lived in South Paris for some years. Judge McArdle is now with her daughter in West Rutland, Mass. Mr. Gray was counsel for Mrs. McArdle and Mr. Smith for Mr. McArdle. No evidence was put in by the defense, Mr. Smith contenting himself with cross-examining briefly the witnesses for the libellant, and no arguments were made. The divorce was granted and the libellant was awarded \$550 in lieu of alimony.

The principal part of Saturday's session was taken up with the contested divorce case of Martha Brown of North Waterford vs. James Brown and it proved the spiciest of anything which has come on this term. Judge George C. Wing of Auburn was counsel for Mrs. Brown and Ralph W. Crockett of Lewiston for Mr. Brown.

Mr. Brown, the libellee, is a well known resident of North Waterford, of considerable property. Mrs. Brown is a third wife, married about four years since. In July, 1907, Mr. Brown suffered a paralytic shock and has since been to a large degree helpless. In the spring of the present year Mr. and Mrs. Brown went to Lewiston that Mr. Brown might take a course of magnetic treatment there. While there they met two women who accompanied them to North Waterford on their return, and whose presence in the house became distasteful to Mrs. Brown. A few weeks after their return home Mr. Brown went back to Lewiston but did not desire Mrs. Brown to accompany him. With the two visiting women he went to Lewiston where he remained, stopping on the way in Norway to "post" his wife in the ADVERTISER, and on arrival in Lewiston almost immediately brought suit for divorce in Androscoggin county. Mrs. Brown then brought the action in this court.

The charges of cruelty made by the libellant were met by denials on the part of the husband, and counter charges of cruel treatment, the defense alleging that Mrs. Brown had a violent temper, that she used profane language to her husband, had pushed him when helpless, and had been prevented by others from striking him. Mr. Brown was not present in court, owing to his condition. Mr. Crockett brought out the fact that the wife, in fits of rage, sometimes "swore like a trooper, particularly when two magistrates, one a physician, were treating her husband. He also brought out the fact that the domestic relations between husband and wife were not always as pleasant as might be. Mr. Brown's children by his first two wives were killed, one wife's children being with the father when he died with a broken heart with their step-mother. The decision was reserved.

Charles Gowell for maintaining a liquor nuisance was fined \$100 and in default to 30 days in jail. He was committed for non-payment. The indictment against him for being a common seller was continued.

James Gallagher of Rumford, who died suddenly Thursday afternoon, was under bonds to appear at this term to answer some old liquor indictments. He was at the hotel two or three days and was taken sick and was in bad shape from heart trouble. He was taken to the hospital on the case, and it was finally agreed that Mitchell should be surrendered into court by his bondsmen. Accordingly about 11 o'clock Thursday, Mitchell was brought to the court house on a cot bed, and was carried partly through the doors of the court room, where he died about 2 o'clock. He had had previous attacks of heart trouble, but it is said this one was aggravated by his excesses.

Eustace F. Bennett for a single sale took a sentence of \$50 and costs of \$5, or thirty days in jail to take effect at the expiration of a sentence already imposed upon him in Androscoggin county.

Joseph C. Meserve of Brownfield, a man somewhat advanced in years and rather infirm, under the direction of his counsel, Mr. Fife, pleaded nolo to the charge of assault and battery upon Chas. E. Hill, and the case was continued for sentence and he was allowed to go.

Loren M. Gordon for cruelty to animals paid a fine of \$5 and costs of \$6.77. Hugh McKinnon of Rumford, after pleading guilty to four charges of violation of the liquor law, paid a fine of \$200 and \$25 costs on a nuisance indictment, and the other three cases were continued.

Louis Cohen and Joseph Klein pleaded guilty to indictments for nuisance and common seller. Each was given a fine of \$100 and costs of \$19.39 on the nuisance, and in addition Cohen, who had a record of previous conviction, received sixty days in jail. The other matter was continued.

Eva LaBelle of Rumford pleaded guilty to two nuisance charges, and paid a fine of \$100 and costs in one, the other being continued.

J. W. Nason, Merton Hobson and Fred Black were charged with simple larceny, and charged before stated. The case was continued.

Fines and costs have been paid during the term as follows:

State vs. Harry Marx.....\$ 38.67
Fred A. Russell.....165.65
W. W. Gaudin.....62.25
Willard G. Pratt.....11.25

TO NORWAY PEOPLE WHO HAVE INTEREST IN SAVING MONEY ON HOUSE FURNISHINGS

In price making and courteous, fair treatment of customers, the

Atherton Furniture Company

of Lewiston is recognized, by those who know, as without competition in northern New England. As usual "There's a Reason", many reasons.

1 The principal one is that they buy in carload lots with cash discounts that the small dealer is unable to obtain with his uneducated buying of small quantities on charge accounts. Consequently Atherton's is able to make you prices that in most cases equal those at which the small dealer buys.

2 They give out-of-town customers special attention and while they had rather have selections made at the store, giving the patrons opportunity to see the values given, they give prompt and careful attention to all mail order inquiries, guaranteeing satisfaction in every respect.

3 They pay freight on all selections and for the customer who is unable, or for whom it is inconvenient, to pay the full amount at the time of purchase, they have a very generous system of easy payments.

That is why they have the enthusiastic endorsement of the business men of your vicinity who have won their way because they know where to place their money to the best advantage—the kind of men who knew better than buy of the small dealer with his limited stock of "made-to-sell" merchandise at "rent-paying prices".

NORWAY AND VICINITY.
The Junior's Halloween.
The Junior class of the Norway high school gave a Halloween party in Congregational Hall, Saturday evening. The hall was decorated to suit the occasion. The lights were shaded with colored paper, giving the hall a weird appearance. Some of the people were costumed in sheets and pillow-cases, while others represented beings never seen to walk on earth.

Games were played throughout the evening, such as "The Witch," "The Ghost's Gig," "Chase the Devil," "Undecided Witch" and many more of similar character.

Refreshments of ice-cream and cake were served. The cash contained four prizes, the first was a ten cent piece which signified that the possessor was the winner; the second was a thimble, and who-so-ever was the winner would be an old maid, won by Hiram Libby; the third, a ring, and who won this was married first, was won by Ella Clark, and the fourth, a button which signified that the winner was to be a bachelor, was won by "Kip" Haskell.

Mrs. Charles P. Barnes was chaperon. This was one of the best socials given by the school and was highly enjoyed by the school and came as a good time on the occasion and term it as a good time.

Moving Day.
There came a day recently to several families in the village which was known as "moving day." This day was first experienced by Frank Murdoch, who when he started in, the wheel commenced to turn and continued to run for some time something like this:

Frank Murdoch recently moved into the rent formerly occupied by E. R. Jordan at the corner of Main and Pleasant streets.

James Usher has moved into the rent vacated by Frank Murdoch on Danforth street.

I. W. Waite has moved into the rent vacated by James Usher on Main street.

F. Q. Elliott has returned from his farm at North Norway and has moved into his house vacated by I. W. Waite.

Water street also experienced some changes. Mrs. Edith Pierce and children have moved to Locke's Mills to live with her father.

Ed. Labossiere has moved into the rent vacated by Mrs. Edith Pierce.

Ephraim Durban is moving into the rent vacated by Ed. Labossiere.

Fuller rent vacated by Ed. Labossiere.

Leap Year Entertainment, Dance, Supper.
The ladies of the Catholic society are to give a leap year entertainment, dance and supper at the Norway Opera House Friday evening, Nov. 20th; the proceeds of which are for the benefit of the church. The supper is to be served at Horne's Cafe. Stearns' Orchestra will furnish the music. There will be an affair of two dances. It is desired that there will be a large attendance and as this is a leap year party the gentlemen are to be admitted free.

From Ditch to Pulpit.
Rev. Felix Powell of Berlin, N. H., the thrilling Italian preacher and lecturer, will speak at the Norway Methodist Episcopal church, Wednesday evening, Nov. 11th, at 7.30 o'clock. Subject, "From Ditch to Pulpit." This is a rare opportunity to listen to such a mastery piece of oratory.

Millett-Bailey.
There occurred a pretty home wedding Thursday noon, Nov. 19th, at the residence on Elm street, Anna and Frank Millett, in Millettville, when their niece, Helen M. Millett of Norway and Harold A. Bailey of Oxford were united in marriage by Rev. B. S. Rideout.

Two Appendicitis Cases In Same Family.
Mrs. Emma Rose, daughter of R. K. Morrill, went to the Central Maine General hospital the first of this week, and with her Gertrude McAllister, who works in the same family.

They were operated on Monday and are getting along nicely.

Saturday evening there was a social gathering at the home of Gladys Frost on Paris street, when about 20 young people met for a social evening. Games were played; there was music by Minnie Frost and songs by the whole party. Each received a plate well laden with peanut butter sandwiches, fancy crackers and candy, and cocoa was served. At a late hour the company broke up after spending a very pleasant evening.

There was a large number at the Opera House, Tuesday evening, to see the "Triple attraction" as was advertised. The pictures presented were very good, among the best presented at the Opera House. "The Man in a Box," "A Fine Easter Egg," "An American in Paris," "Abroad" and "At the French Ball" were shown and were all amusing and entertaining.

Mr. Hyde was presented and every one is familiar with that play and the name speaks for itself. Mr. Moore sang "Hills of Miller's Barn Dance," which was highly appreciated.

Also W. R. Rice. The singing was well rendered. The election returns as they came in were read between acts from the stage. After the show at 10 o'clock the election returns were read at the hall by private wire till a late hour and the people gathered in the hall and the returns from the United States as they came in. By midnight it was safely known who was to be our next President.

Dr. Austin Tenney, oculist, will be at his Norway office over Ridlon's grocery store, Friday, Nov. 20th. See his ad elsewhere.
